

INSTALLATION INSTRUCTIONS

The PH-Mini 4

Included Hardware List

1. PH-Mini 4 Main Body
2. Adjustable Wings
3. Amps Adapter Plate
4. 4 Piece Air Vent Mounting Kit
5. Two (2) Non Skid Silicone Plugs
6. One (1) Piece of Double Sided 3M Tape
7. Four (4) Phillips Pan Head Screws
8. Four (4) Nylon Stop Nuts
9. Two (2) Phillips Self Tapping Screws
10. One (1) Belt Clip Button with 3M Tape
11. One (1) Alcohol Prep Pad

Option 1.

The PH-Mini 4 will mount to any professional Amps compatible custom vehicle phone mount. Use the Adapter Plate (3) along with the included mounting screws and stop nuts (7) and (8), attach the Adapter Plate to the mount and tighten with a Phillips screwdriver. Attach the Adapter Plate (3) to the back of the Main Body (1). **Note:** We recommend using Bracketron's CBM Brand of Custom Bezel Mounts when installing a professional mount in your vehicle. This allows for a clean, no holes drilled installation. Visit our website to find a custom mount for your vehicle or visit your local cellular phone installation shop.

Option 3.

Use the double sided 3M removable VHB tape (6) to secure the Main Body of the PH-Mini to any clean surface of your vehicles dash. Make sure to use the alcohol prep pad on the back of the Main Body (1). Peel off one side of the 3M tape. Center and apply the tape to the back of the Main Body (1). Locate a spot on your dash and clean it with the alcohol prep pad. Peel the remaining side of the tape and apply the Main Body (1) to the dash.

Note: For best results, let tape cure for 48 hours in temperatures above sixty degrees before use.

NOTE: PLEASE READ INSTRUCTIONS COMPLETELY BEFORE INSTALLING THIS BRACKETRON PHONE ACCESSORY.

This Bracketron PH-Mini 4 Pro-Series mobile phone solution is designed to give you multiple mounting options for the way you use and carry your phone. This kits interchangeable components gives you all the options you need to safely mount and secure your phone in your vehicle.

Option 2.

Use the the included Air Vent Mounting Kit either with or without the adjustable wings. Assemble the Air Vent components (4) and attach it to the back of the Main Body (1). Carefully slide the PH-Mini 4 into the vehicles air vent and until it clips onto the vent louvers. Adjust the position using the swivel support.

Note: When using the PH-Mini 4 with a Button and Belt Clip combination make sure to insert the included Non Skid Silicone Plugs (5) into the holes on the front of the Main Body (1).

Option 4.

Option 4 allows the Main Body (1) to be mounted to any hard surface using the supplied Self Tapping Screws (9). Locate a spot in your vehicle, boat or any other area where you would like to mount the Main Body (1). Place the Main Body (1) on the area and mark two spots with a pencil using the holes in the Main Body and a guide. Use a Phillips head screwdriver and insert a screw in the top hole and tighten the Main Body (1) down. Perform this same action on the lower hole securing the PH-Mini 4 to the hard surface.

Please Read:

The PH-Mini 4 will allow you to secure your phone using these four different mounting options. The Mini 4 will also let you carry and use your phone with or without a button and belt clip with the help of the adjustable wings and button slot. We hope this versatile kit gives you all you need to mount your mobile phone, GPS, or portable MP3 player the way you like.
