

The new Cadillac STS V8 is shattering perceptions with the perfect union of performance and luxury. Zero to 60 mph in under six seconds. An available performance-tuned AWD system pumping power to all four wheels for precise cornering. Available Magnetic Ride Control resolves the traditional conflict between taut handling and an enjoyable ride. And an available 15-speaker Bose Studio Surround system. Or choose STS V6 with a 3.6 Liter, 255-hp engine. Either way, the 2005 Cadillac STS will silence the stereotypes.

AVAILABLE EXTERIOR COLORS

- Official EPA estimates not yet available. Estimates based on GM testing.
- Cargo and load capacity limited by weight and distribution.
- Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for system limitations and details.
- RDS functions only when stations broadcast RDS information.
- Adaptive Cruise Control is not a substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle.
- XM is available only in the 48 contiguous United States. Service fees extra. Visit www.gm.xmradio.com for more details.
- Always use safety belts and proper child restraints, even with air bags. Children are safer when properly secured in a rear seat. See the Owner's Manual for more safety information.
- Available as an extra-cost option.
